### About This Game

Ginka, the beautiful officer, is on the local SWAT team by day. But at night, she becomes the Silver cat. And with incredible agility, unbelievable sensitivity and amazing ability, she roams the city like batman. Accidentally, she was informed that the famous gem 'Emerald Queen' was stolen. In order to get it back, she blended into the infamous Kurobara's mansion. But to her surprise, she got trapped by a notorious SM dominatrix who's crazy about whipping, bondage, shocking and wax-dripping. What will Ginka's fate be?

Cat Girl is an AVG with an incredible storyline and voice-over throughout all game for main characters. Besides over 100,000-word script, the game also has different choices, which will lead to numerous endings.

深夜の静寂を壊す様に、黒薔薇邸には2つの声が響いた。1つは呻き声に近い女性の悲鳴。

---

A buggy, censored, poorly translated mess with mediocre art and a story that takes too long to get going.

I'm also not really into watching little girls get tortured.

I mean if that's your jam fair enough, it's just not for me.
